DECEMBER

- 18th** Last School Day for students
3.20pm Dismissal
19th-20th
Pupil Free - Curriculum Days

Dear Parents / Guardians,

District Orienteering

Unfortunately, our district orienteering event was cancelled today due to the trails being too wet. We are still working to see if another day is available where all schools can attend and will keep you posted.

Energy Breakthrough Blue Ribbon Fundraiser

Mr Bell and the Energy Breakthrough team have organised the Blue Ribbon fundraiser for tomorrow. Students have all been asked to wear something blue and to bring a gold coin donation for this worthy cause. Assembly will be starting early tomorrow at 2.30pm on the basketball courts.

Smile Squad

The Smile Squad dental examinations here at school will be finishing tomorrow. If your child had consent but was absent, or doesn't get seen tomorrow, you can still access the free dental check-up at Sunbury Community Health or any public dental hospital.

Lost Property is overflowing!

Named items are returned to their rightful owners however, we have been inundated with UN-NAMED jumpers and hats. PLEASE ensure that all items of clothing are clearly labelled with your child's name. This would be greatly appreciated by our support staff and Mrs Mason who regularly deals with armfuls of clothing discarded in the gym.

Please visit lost property if you have recently lost any items.

Remember: Pupil Free Day

Just a reminder to make sure you've marked Monday 6th November in your calendar as a whole school Pupil Free Day. Staff will be undertaking professional development on this day (updating our First Aid qualifications). Please note that this is the day before Melbourne Cup Day which is a public holiday in Victoria. Camp Australia will offer care on this day.

Year Level Newsletters

Please remember to check the Year Level newsletters sent out via Compass a couple of weeks ago. They contain information pertinent to each year level, such as which days your children have their specialist classes and how you can support their learning.

Smile Squad

Smile Squad information sheet

Everyone deserves a healthy smile.

Tooth decay is the most common childhood disease in Australia, but it can be prevented. Regular dental check-ups can find and manage problems early.

Dental services

Smile Squad provides free dental services to students at school during school hours. This includes any general treatment that is needed.

Smile Squad staff include oral health therapists, dental therapists, oral health educators, dental assistants, and dentists.

Do I need to pay anything?

No. This is a free service for all students, provided by the Victorian Government.

What happens at the examination (check-up)?

A full dental examination includes a check of a student's teeth, gums, jaw and the mouth.

If you give consent, the following services might be provided:

Service	Description
Tooth cleaning	A clean of the teeth to remove calculus (hard plaque) or tough stains
Dental x-rays	X-rays (usually one for each side of the mouth) help to see what is happening under the gums and inside the teeth
Fluoride varnish	Fluoride varnish is painted onto all teeth every six months to help prevent tooth decay
Fissure sealants	A coating painted onto molar teeth to help prevent tooth decay. Some fissure sealant materials contain fluoride

If extra treatment is needed, Smile Squad will discuss this and seek consent.

Smile Squad will only provide preventive services that will benefit a student.

Who can provide consent?

Parents, legal guardians, carers or mature minors may complete these forms and provide consent for examination.

Whilst the engagement of parents/guardians is encouraged, in Victoria, children who are considered 'mature minors' may provide consent for their own dental care. The law recognises that as children become older and more mature, they are more capable of making their own decisions, including seeking and obtaining their own health care.

To be considered a mature minor, the Smile Squad clinician must be satisfied that the student has sufficient understanding of the risks, benefits, and possible complications of their condition and proposed treatment to give informed consent. A student may be considered capable of making some dental treatment decisions but not others. Where a secondary school aged student isn't considered to be a mature minor by the dental clinician, they will seek parent/guardian consent.

If you have any questions, please speak with your Smile Squad provider.

Do parents, legal guardians or carers have to attend a student's appointment?

Parents, legal guardians, or carers are welcome to attend if they want to, but this is not a requirement.

If more treatment is needed, we might ask a parent, legal guardian, or carer to come to the appointment.

What if a student has had dental treatment recently?

If a student has had a recent dental visit they can be seen again by Smile Squad. They may not need x-rays and other preventive services.

Smile Squad can become a student's regular dental provider. We will visit your school every year - more often for those students who need it.

What if a student is away from school during the Smile Squad visit?

If a student is away from school, we will see them another day or they can visit us at their local community dental agency.

Find your nearest community dental clinic at: <https://www.dhsv.org.au/our-services/find-dental-clinics/clinic-search>

Smile Squad information sheet

Child Dental Benefits Schedule (CDBS)

What is the Child Dental Benefits Schedule (CDBS)?

The Australian Child Dental Benefits Schedule (CDBS) is a dental benefits program that provides eligible 0–17-year-olds basic dental care over a two-year period.

Smile Squad will use CDBS for eligible students.

We will make a claim on your behalf for CDBS if you sign the consent form in this pack.

What if a student is not eligible for CDBS or Medicare?

Every student will still receive free dental care. All students in government schools are eligible to see Smile Squad. There are no out-of-pocket costs.

Privacy

Smile Squad is a Victorian Government program. Dental Health Services Victoria (DHSV) is delivering this program in partnership with community dental agencies.

Smile Squad will protect your privacy. They will keep your personal and health information confidential and secure. Smile Squad will store, maintain, and use this information so it meets high standards set by the *Privacy and Data Protection Act 2014* and the *Health Records Act 2001*.

We respect these laws and guidelines. They tell us when and how to collect, use, handle and destroy all personal and health information.

Smile Squad will only collect personal and health information that is necessary. Smile Squad may need to collect extra information during visits. We do this to come up with the best care plan possible.

We will collect information and store it in a student's dental record. Authorised Smile Squad personnel (from DHSV and Victorian community dental agencies) have access to this.

We will primarily use and share a student's personal and health information to:

- determine a student's dental needs, and
- provide dental care and treatment to them.

At certain times we will collect data and feedback for Smile Squad evaluation purposes and to improve our services. We will keep your identity anonymous for this.

We will remove any identifying information. We will need to share anonymised information between government agencies like DHSV, Department of Education and Training, and Department of Health. We will do this so we can learn together about the oral health of all students at school in Victoria.

Smile Squad may use or disclose a student's health information, in other circumstances, if required or permitted by law.

You may access your dental record by contacting Smile Squad. In some cases, the Freedom of Information (FOI) process may be appropriate. A copy of the DHSV privacy statement is available on the DHSV website at:

<https://www.dhsv.org.au/privacy>

In some circumstances, Smile Squad may share information with a student's school if this is necessary to support their safety, health, and wellbeing. Information about a student that the school collects or receives in connection with the Smile Squad program will be used and managed in accordance with the school's privacy policy, available from the school.

A student's school may also share information that the school already has with Smile Squad if this is needed to support a student's safety, health, and wellbeing during their appointment.

Rights and responsibilities

A copy of your healthcare rights is available on the Australian Commission on Safety and Quality in Health Care website.

Feedback

Please tell us what you think (good or bad), at any time. You can email feedback to smilesquad@dhsv.org.au

Chester Chatter

Chester Chatter

Chester was very impressed when he visited the Year 5 Science Expo this week. He looked over some well-written information reports, watched some exciting interactives and listened to the students give excellent explanations. The parents that came along did an amazing job at asking in-depth questions and supporting the learning of all the students. Chester can't wait to be involved in more learning at NGPS he might visit the worm farms in Year 1 next!

ATTENTION FREE TO GIRLS AT NGPS NEW DATES COMMENCING 24th OCT

CALLING ALL GIRLS. Don't forget to take up the opportunity to participate in a FREE All Girls Cricket Blasters Program coming to **New Gisborne Primary School**. This not only allows girls the opportunity to try/play our great game but a chance for the local cricket clubs such as **Gisborne Cricket Club** to connect with new aspiring female cricketers! The registration link for the free program is now officially live and ready for parents or guardians to begin signing up their children. This is open to all grades for any girls from Prep-6 to join! See the flyer attached for full details.

Lady Northcote Camp

Jax, 2A

Last Thursday, the Year twos from New Gisborne Primary went on their first school camp to Lady Northcote Camp in Bacchus Marsh. It was a two day camp with one overnight stay and we participated in four activities. The activities were the giant swing, canoeing, orienteering, and yabbing.

Isla, 2A

My favourite activity was the giant swing. It was amazing. I loved going high. It was like I was lying in the air! We each had a harness on so that we could not fall out of the swing and get hurt. The rest of my group pulled a rope to get me up as high as I was comfortable. Whoosh! I went when I pulled the release rope towards my face to let go and start swinging.

Audrey, 2B

I really enjoyed the orienteering. We had to find clues to figure out a word problem. Group Two had to be split into two teams. I was on the green team. We had to walk around the whole camp to find the check points and write the clues down. It was a race and we lost but that didn't stop me from having fun.

Cody, 2B

I loved canoeing! We had to wear a helmet and a life jacket. We used paddles to move the canoe across the dam. I kept getting so scared! When the activity finished, I could not get back, so the instructor had to help my canoe get back to shore.

Ilona, 2C

On Friday, I did yabbing and my instructor showed us first how to catch the yabbies. We had to lie down on our tummies. We had to pair up and I paired up with Marcelle. She held the net and I did the string. We caught only three but all of them were little and cute. One of them bled and one only had one claw, the rest had two. I loved yabbing! I nearly caught a big one but it was too fast for us to catch. There were different sizes from big to small baby ones. It was so much fun.

Dorothy, 2C

All in all, I was relieved when I got home because I was so tired, but I wished we could have stayed for a few more days.

Thank you to the teachers and the parent volunteers who all ensured the camp ran smoothly and was an experience to remember.

Lady Northcote Camp

HUNGRY POSSUM ROSTER

**We are always looking for canteen volunteers!
If you are able to help, it would be very much
appreciated.**

Parents' Association

ALL PROFITS DONATED TO THE ROYAL CHILDRENS HOSPITAL

NEW GISBORNE PRIMARY SCHOOL
**COLOUR
FUN RUN**
Fundraiser

FRI 3RD NOVEMBER 2023
FROM 2.20PM AT NGPS - \$5.00 ENTRY PER CHILD VIA Qkr!

The Junior School Council have chosen to donate all profits to **The Royal Children's Hospital**. This is a fundraising event jointly organised by the Junior School Council and the NGPS Parents' Association.

CLASS CHALLENGE
Students are encouraged to seek donations in addition to the entry cost. Donations can be made by anyone using the Qkr! app. The class raising the most funds will receive a Pizza Party donated by **Sopranos Pizza Gisborne!**

NGPS, Spring is in the air and the colour fun run is back on the agenda! Get your bright whites ready to go, be sure to bring a change of clothes if you are on public transport after school and get ready for some brightly coloured fun. Let's hope this years weather holds better for us as we bring back the powder for you.

Be sure to register on Qkr! and you can also share with your friends and family a link to Qkr! and they can donate to the Royal Childrens Hospital again this year. Be sure they notate your class (2B, 4C as an example) so you can get credit! Last year we sent over \$6,000 as a donation, do you think we can beat that this year? Take extra note in Qkr! as the registration is separate from the donation. We had two winners last year - Grade 5B and 6A - both enjoyed a pizza party from our lovely sponsors Soprano's pizza - could that be your class this year?

Parents and anyone across the greater school community - this fun event needs lots of hands on the day to make it run smoothly. Please fill out this [quick survey](#) so we can be in touch with you as the day approaches and make sure we have plenty of helpers on hand! Feedback from helpers last year was about how much joy and fun the event was... and that the powder does take a bit to get out of certain clothing items. So be sure to wear something you don't mind potentially getting a very minor stain OR sign up to be a course marshal, we can set you up well away from the powder to keep you in runway form!

Dress in blue and donate to support the Blue-Ribbon Foundation

Friday 27th October

Join New Gisborne Primary on Friday 27th October in saying thank you to our police force with the Blue-Ribbon Foundation.

Students are asked to dress in blue for the day and celebrate at a special assembly with the Victorian Police.

To support the Blue-Ribbon Foundation, we are asking for a gold coin donation.

More information about the Blue-Ribbon Foundation can be found at <https://remember.org.au/>

Check out these “Beary” cool prizes.

Along with our out of uniform day. Students can purchase a raffle ticket to hopefully win one of the amazing prizes from the Blue-Ribbon Foundation. Tickets can be purchased any day this week during lunch for 50c In front of Mr Bell’s classroom.

ROMSEY PS CYBER SAFETY PARENT INFORMATION EVENING

Wednesday 29th NOVEMBER @ 7pm sharp 90 minute session
Multi Purpose Building (tea/coffee and light supper provided)
Romsey Primary School Station Street
OPEN TO ALL PARENTS IN THE MACEDON RANGES
NO ENTRY FEE

SUSAN MCLEAN

Susan McLean is Australia's foremost expert in the area of Cybersafety and young people. She was the first Victorian Police Officer appointed to a position involving Cybersafety and young people. Susan took her first report of cyberbullying in 1994 and since then she has conducted extensive research and has completed advanced training & tertiary studies in both the USA and UK and is a sought-after presenter and advisor to Schools, elite sporting bodies such as the AFL, GP's, and both State and Federal Governments.

An educational & entertaining session for Parents and carers, Susan's unparalleled knowledge leaves audiences shocked at the reality of the online world. It is a wake up call to even the most switched on parent and is delivered with Susan's famous 'no nonsense' approach. The session will cover the positive benefits of technology as well as what parents need to be aware of.

Cyberspace 101. The reality of the online world. It's not a matter of if - rather than when.

What are kids doing online. Learn the latests apps and platforms your kids are either on, want to be on or are being told about at school. TikTok, Omegle, House Party & more.

Online Grooming. What is it and when/how does it occur? What are the warning signs & what to do if you suspect this is happening to your child.

Cyberbullying. What it is, where it happens, what it looks like, how to prevent and what to do if it occurs. Also the legal consequences and the possible criminal charges.

Exposure to damaging content. Including online pornography & sites that encourage suicide, self harm & eating disorders.

Top Tips- how to assist the children in your care to stay safe online with rules, parental controls and restriction passcodes.

Email the school at Romsey.ps@education.vic.gov.au or call on 5429 5099 to secure your spot.

THE SESSION WILL CONCLUDE WITH TIME FOR QUESTIONS

Australian Childhood Anxiety TREATMENT STUDY

Free home-based assessment and treatment for 7 to 12 year old children with fear and anxiety disorders.

Does your child become very afraid of certain situations or objects, worry about a lot of things, get very distressed, or try to avoid things they fear?

About the study

Our team at Griffith University may be able to assist you. We are conducting a nationwide study that includes the following services at no cost to families:

- A thorough assessment of your child's anxiety with a trained psychologist via the telephone;
- Your child receiving one of two kinds of home-based treatments delivered on a PC, laptop or tablet; and
- Two follow-up telephone assessments with a trained psychologist 6- and 12-months after treatment to track your child's progress.

The study aims to find out if these two treatments are as effective as each other, and which children have the best response to each kind of treatment. This will mean that there are more evidence-based treatments available for helping anxious children.

About the treatments

Each treatment involves your child completing treatment sessions at home on a PC, laptop or tablet.

Each treatment involves your child learning practical strategies to better manage anxiety.

- One treatment helps children learn to control the focus of their attention on helpful things around them.
- The other treatment helps children learn to think differently and approach things they fear.

Each treatment includes information, telephone or email support for parents in assisting their child to better manage anxiety.

Prior studies have shown that children who complete each treatment experience significant reductions in anxiety.

Contact us

This study is being funded by the National Health and Medical Research Council and is led by Professor Allison Waters and a team of experts in childhood anxiety disorders.

For more information about our study and our team, or if you would like your child to participate, please contact us:
